Somerset Had Boom Period.

Somerset is in better shape, according to population, this year than it was a year ago, for information was brought to Montpelier yesterday that Fred Johnson, who is the "mayor" of town and one of the five regular residents of the town, has stated that he obtained 42 poll tax payers this year. One year ago, April 1, there was a question as to whether there was a single legal resident in the town. Burt Leonard was considered such, but was out of town about that time, This year, Mr. Johnson, who is a member of the legislature, made a canvass, securing 42 poll tav payers. The most of them are gone now, having left when the log drive occurred.
